Panipat, Haryana

ABOUT

Ambitious **Electronics and Communication Engineering** student with a strong foundation in core engineering principles and a growing passion for **Full-Stack Web Development** and **Artificial Intelligence**. Proficient in C++, Python, and modern Web Technologies. Adept at building responsive user interfaces and eager to apply technical problem-solving skills to real-world software and hardware challenges.

EDUCATION

Deenbandhu Chhotu Ram University of Science and Technology <i>Bachelor of Technology in Electronics and Communication; GPA: 7.5</i>	Sonipat, Haryana Aug. 2025 – May 2029
Chandan Bal Vikas Public School <i>Secondary and Senior Secondary Education; 10th Marks: 94.4%</i>	Samalkha, Haryana 2014 – 2025

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, HTML5, CSS3
Software & Tools: AutoCAD, VS Code, Git, GitHub
Core Competencies: Semantic HTML, Responsive Design (Flexbox), CSS Box Model, Version Control

HACKATHONS

Smart India Hackathon (SIH) | Participant Sept. 2025

- Participated in SIH 2025, addressing Problem Statement **SIH25009**: Focused on gamifying environmental education and sustainability awareness for school children.
- Collaborated with a team to conceptualize a digital platform that bridges the gap between theoretical ecology and practical environmental stewardship.

PROJECTS

Ecorise HTML5, CSS3, JavaScript – Developed the frontend for an educational platform designed to sensitize students about environmental sustainability and ecological footprints. – Engineered interactive modules to simplify complex environmental concepts through clean, intuitive UI components. – Created a responsive user interface to ensure accessibility for students across various devices.	Sept. 2025 – Oct. 2025
Amazon Clone HTML5, CSS3, Git, GitHub – Developed a fully responsive front-end clone of the Amazon homepage using semantic HTML5 and CSS3. – Utilized Flexbox for precise layout alignment and cross-browser compatibility. – Implemented complex styling including the CSS Box Model , hover effects, and background image positioning. – Managed source code and versioning through Git and hosted the repository on GitHub .	Feb. 2026

CERTIFICATIONS

Intensive AI Course: 5-Day Intensive AI Course organized by Kaggle in collaboration with Google
Generative AI Certificate: Google Cloud - Introduction to Generative AI Course Completion

INTERESTS

Professional: Embedded Systems, Web Development, UI/UX Design, Open Source Contribution
Personal: Tech Blogging, Competitive Programming, Circuit Simulation
